

SAFETY DATA SHEET

Product name: Amika- The Wizard

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade Name: Amika -The Wizard

Catalogue No: 817574018269

1.2 Relevant identified uses of the substance or mixture and uses advised against

Application of the substance / the preparation: hair care product

1.4 24 hour emergency contact number – (972) (0) 8-6466777

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification according to Directive 67/548/EEC or Directive 1999/45/EC

Considered as a none Hazardous clear oily golden (beige) liquid.

Information concerning particular hazards for human and environment:

The product has to be labeled due to the calculation procedure of the "General Classification guideline for Preparations of the EU" in the latest valid version. Skin Irrit. 2

Classification system:

The classification is according to the latest editions of the EU-lists, and extended by company and literature Data.

2.2 Label elements

Labeling according to EU guidelines:

The product has been marked in accordance with EU Directives / respective national laws.

Code letter and hazard designation of product: N\A

Hazard-determining components of labeling: N\A

Hazard pictogram None. Signal words None Hazard statements H315: Causes skin irritation Precautionary statements H315:: Wash thoroughly after handling P280: Wear protective gloves/protective clothing/eye protection/face protection P302+P352 IF ON SKIN: Wash with plenty of soap and water P321: Specific treatment (see...on this label) P332+P313: If skin irritation occurs: Get medical advice/attention P362: Take off contaminated clothing

SECTION 3: Composition/information on ingredients

INCI name	CAS	EINECS	Weight by % of raw material	Classification according to 67/548/EEC	Classification according to Regulation (EC) No (CLP)1278/2008
Cyclopentasiloxane	541-02-6	208-764-9	95.95	H315:	P264; P280; P302+P352; P321
Hippophae rhamnoides oil			1.30	-	-
Perfume			1.25	-	-
Persea gratissima (Avocado) oil	8024-32-6	232-428-0	1.00	-	-
Tocopheryl acetate	7695-91-2	231-710-0	0.50	-	-

SECTION 4: First aid measures**4.1 Description of first aid measures**

Description of First Aid Measures If in eyes: Immediately flush with water for 15 minutes.

If on skin: No first aid should be needed

If Inhaled: Remove to fresh air.

Get medical attention if ill effects persist.

If swallowed: No first aid should be needed Comments:

Treat according to person's condition and specifics of exposure.

After eye contact: Rinse opened eye for several minutes under running water.

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

SECTION 5: Firefighting measures**5.1 Extinguishing media**

Suitable extinguishing agents:

Not flammable

5.2 Special hazards arising from the substance or mixture:

No further relevant information available.

5.3 Advice for firefighters:

Protective equipment: No special measures required.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Not required. Wash with a lot of water

6.2 Environmental precautions:

Liquid is greater than 99% biodegradable. Due to the products nature unlikely to cause environmental hazards
Regulatory required statement. Do not allow to reach sewage system.

6.3 Methods and material for containment and cleaning up:

No special measures are necessary for the gel. If liquid is spilled, pick up mechanically. Dispose contaminated material as waste according to section 13.

6.4 Reference to other sections: See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

SECTION 7: Handling and storage

7.1 Precautions for safe handling: Avoid contact with eyes.

Information about fire - and explosion protection: No special measures required.

7.2 Conditions for safe storage, including any incompatibilities

Requirements to be met by storerooms and receptacles:

Store in a dry area. Keep in a well-ventilated area. Store at cool place, not under direct sunlight.

Information about storage in one common storage facility: Not required.

Further information about storage conditions: None.

7.3 Specific end use(s): No further relevant information available.

SECTION 8: Exposure controls/personal protection

8.1 Exposure controls

Personal protective equipment:

General protective and hygienic measures:

Keep away from food and beverages. Avoid contact with the eyes.

Respiratory protection: Not required.

Protection of hands:

Protective gloves should be used for handling concentrated formula only, and not final product.

The glove material has to be impermeable and resistant to the product.

Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection: Not required.

Limitation and supervision of exposure into the environment: No further relevant information available.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

General Information

Appearance:	Clear viscous dense liquid with the above mixture
Color:	Beige - Golden
Odor:	Characteristic
pH:	Not determined
VOC:	Not determined
Flash Point (Closed):	77.2 °C (ASTM D-93-99b)

SECTION 10: Stability and reactivity

10.1 Reactivity:

No further relevant information available.

10.2 Chemical stability:

Thermal decomposition:

No decomposition if used according to specifications. In suitable conditions the product can be used for 3 years from production and 24 months after opening.

10.3 Possibility of hazardous reactions:

No dangerous reactions known.

10.4 Conditions to avoid:

Keep away from open flame. Store at temperature below 20°C in a cool place .

10.5 Incompatible materials:

No further relevant information available.

10.6 Hazardous decomposition products:

No dangerous decomposition products known.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity: Not applicable.

LD/LC50 values relevant for classification: No further relevant information available.

Additional toxicological information:

The product shows the following dangers according to the calculation method of the General EU Classification Guidelines for Preparations as issued in the latest version:
Sensitization possible through skin contact. Do not swallow.

Repeated dose toxicity:

No further relevant information available.

CMR effects (carcinogenic, mutagenicity and toxicity for reproduction: Not applicable.

SECTION 12: Ecological information

No further relevant information available.

This product is a small low molecular weight volatile compound, it will therefore readily partition into the atmosphere. It is however not a hydrocarbon solvent. Water: This product has very low water solubility (< 100 ppb). As it has a specific gravity of < 1, if discharged to water, it will initially form a surface film. However, as it is very volatile, the product will rapidly evaporate into the air. The aquatic half life is estimated between 1 – 5 days

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Recommendation: Small quantities can be disposed of with household waste. Empty container can be recycled.

Un cleaned packaging:

Recommendation: Disposal must be made according to official regulations.

SECTION 14: Transport information

Considered none Hazardous liquid & gel. Transportation according to the International or local regulations.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or Mixture:

No further relevant information available.

15.2 Chemical safety assessment: No further relevant information available.

SECTION 16: Other information

Relevant phrases to substance raw material:

All risk phrases refer to the ingredients in full concentration. When these ingredients are used in this product they are heavily diluted resulting in the final product being classified as non hazardous according to a full Safety Assessments conducted under the European Cosmetics Directive (76/768/EEC).

R11 Highly flammable.

R21 Harmful in contact with skin

R34 Causes burns.

R36 Irritating to eyes.

R38 Irritating to skin.

R51\53 Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

F Flammable.

Xi Irritant.

N Dangerous for the environment.

All chemicals may unknown hazards and should be used with cautions. This material safety data sheet (MSDS) applies only to the material as packaged. If this product is combined with other

materials, deteriorates, or becomes contaminated, it pose hazards not mentioned in this MSDS. It shall be the users responsibility to develop proper methods of handling and personal protection based on the actual conditions of use. While this MSDS is based on technical data judged to be reliable. Users should consider these data only as a supplement to other information gathered by them and must make independent determinations of suitability and completeness of information from all sources to assure proper use and disposal of these materials and the safety and health of employees and customers and protection of the environment.
