# **Material Safety Data Sheet**

Fantastic Finish Firm Hold Finishing Spray 55% VOC

# 1. Product and company identification

Product name	:	Fantastic Finish Firm Hold Finishing Spray 55% VOC
Manufacturer	:	Zotos International, INC 100 Tokeneke Road, Darien, CT 06820 www.zotos.com
Validation date	1	8/12/2014.
In case of emergency		(800) 584-8038 [24 Hours]
Telephone number		(203) 656-7859 [8:30 a.m 5:00 p.m.]
Transportation Emergency		Contact: CHEMTREC 1-800-424-9300 [US/Canada 24 Hours]
Product type	:	Aerosol.

## 2. Hazards identification

### Emergency overview

NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED. Additional information on toxicological endpoints is available from the supplier upon request

Color	:	Colorless to light yellow.
Odor	:	Characteristic. Fragrance-like.
Hazard statements	:	FLAMMABLE AEROSOL. CAUSES EYE IRRITATION. MAY CAUSE SKIN IRRITATION.
Precautionary measures	:	Avoid contact with eyes, skin and clothing. Keep away from heat, sparks, open flames and hot surfaces No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Wash thoroughly after handling.
OSHA/HCS status	:	None.
Potential acute health effects		
Inhalation	1	May cause respiratory irritation. Avoid breathing vapor.
Ingestion	:	NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED.
Skin	:	NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED. Mild irritant
Eyes	:	May cause slight transient irritation.
Potential chronic health effect	:ts	
Chronic effects	4	No known significant effects or critical hazards.
Carcinogenicity		No known significant effects or critical hazards.
Mutagenicity	4	No known significant effects or critical hazards.
Teratogenicity	4	No known significant effects or critical hazards.
Developmental effects	4	No known significant effects or critical hazards.
Fertility effects	1	No known significant effects or critical hazards.
Over-exposure signs/ symptoms	:	None identified.
Medical conditions aggravated by over- exposure	:	None.
See toxicological information	n (S	Section 11)

## 3. Composition/information on ingredients

### United States

Name	CAS number	%
Alcohol Denat.	64-17-5	52.87
1,1-difluoroethane	75-37-6	41.30

#### Canada

Name	CAS number	%
Alcohol Denat.	64-17-5	52.87
1,1-difluoroethane	75-37-6	41.30
2-amino-2-methylpropanol	124-68-5	1.02

#### <u>Mexico</u>

						Cla	assific	ation
Name	CAS number	UN number	%	IDLH	Η	F	R	Special
Alcohol Denat.	64-17-5	UN1993	52.87	3300 ppm	2	3	0	-

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

#### 4. First aid measures Eye contact : In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Seek medical attention if irritation persists. **Skin contact** : Remove contaminated clothing and shoes. Wash with plenty of soap and water. Inhalation : Move affected person to fresh air. Ingestion : NOT EXPECTED TO PRODUCE SIGNIFICANT ADVERSE HEALTH EFFECTS WHEN THE RECOMMENDED INSTRUCTIONS FOR USE ARE FOLLOWED. Treat symptomatically. Never give anything by mouth to an unconscious person. Call a physician. **Protection of first-aiders** : No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Notes to physician : None.

## 5. Fire-fighting measures

Flammability of the product	:	Flammable liquid. Prevent the creation of flammable or explosive concentrations of vapors in air and avoid vapor concentrations higher than the occupational exposure limits.
Extinguishing media	:	Use dry chemical, CO <sub>2</sub> , alcohol-resistant foam or water spray (fog).
Special exposure hazards	:	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.
Unusual fire/explosion hazards	-	None known.
Hazardous thermal decomposition products	:	may be released including hydrofluoric and/or carbonyl halides
Special protective equipment for fire-fighters	:	Immediately contact emergency personnel. Flammable material In case of insufficient ventilation, wear suitable respiratory equipment.

## 6. Accidental release measures

Personal precautions	: Flammable. Keep away from ignition sources such as heat/sparks/open flame No smoking. Do not get in eyes. Keep out of reach of children.
Environmental precautions	: Leaking packages should be placed in open containers outdoors away from any source of ignition
Methods for cleaning up	: Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Place spilled material in an appropriate container for disposal. After contact with skin, wash immediately with plenty of water.

# 7. Handling and storage

Handling	<ul> <li>Keep away from ignition sources such as heat/sparks/open flame No smoking. Use only in well-ventilated areas. Avoid contact with ignition and heat sources and oxidizers. Do not spray on an open flame or other ignition source. Keep out of reach of children.</li> </ul>
Storage	<ul> <li>Avoid increased storage temperature. Keep away from ignition sources such as heat/ sparks/open flame No smoking. Avoid contact with ignition and heat sources and oxidizers. Store away from oxidizing agents. Store in cool/well-ventilated place.</li> </ul>
Recommendations	<ul> <li>PRESSURIZED CONTAINER Keep cool and protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.</li> </ul>

# 8. Exposure controls/personal protection

## **Occupational exposure limits**

Ingredient	Exposure limits
Alcohol Denat.	NOM-010-STPS (Mexico, 9/2000). LMPE-PPT: 1000 ppm 8 hours. LMPE-PPT: 1900 mg/m <sup>3</sup> 8 hours.

Consult local authorities for acceptable exposure limits.

## 8. Exposure controls/personal protection

Recommended monitoring procedures	:	If this product contains ingredients with exposure limits, personal, workplace atmosphere or biological monitoring may be required to determine the effectiveness of the ventilation or other control measures and/or the necessity to use respiratory protective equipment. Reference should be made to appropriate monitoring standards. Reference to national guidance documents for methods for the determination of hazardous substances will also be required.
Engineering measures	:	In case of insufficient ventilation, wear suitable respiratory equipment.
Hygiene measures	1	When using do not eat, drink or smoke.
Personal protection		
Respiratory	:	Chemical splash goggles. Protective clothing must be worn.
Hands	:	Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. Considering the parameters specified by the glove manufacturer, check during use that the gloves are still retaining their protective properties. It should be noted that the time to breakthrough for any glove material may be different for different glove manufacturers. In the case of mixtures, consisting of several substances, the protection time of the gloves cannot be accurately estimated.
Eyes	:	Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: chemical splash goggles.
Skin	:	Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product. When there is a risk of ignition from static electricity, wear anti-static protective clothing. For the greatest protection from static discharges, clothing should include anti-static overalls, boots and gloves.
Environmental exposure controls	:	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.
Other protection	:	Not available.

# 9. Physical and chemical properties

Physical state	: Liquid. [Viscous liquid.]
Flash point	: Closed cup: 13°C (55.4°F)
Color	: Colorless to light yellow.
Odor	: Characteristic. Fragrance-like.
рН	: 6 to 9
<b>Boiling/condensation point</b>	: 78.333°C (173°F)
Relative density	: 0.81 to 0.85
Aerosol product	
Type of aerosol	: Spray
Heat of combustion	: 7.637 kJ/g

# 10. Stability and reactivity

Chemical stability	: Stable under recommended storage and handling conditions (see Section 7).
Conditions to avoid	<ul> <li>Store away from direct sunlight. Avoid contact with ignition and heat sources and oxidizers. Store away from oxidizing agents.</li> </ul>
Incompatible materials	: Separate from oxidizing materials.
Hazardous decomposition products	: Products of combustion
Possibility of hazardous reactions	: Not available.
Hazardous polymerization	: Not available.

# 13. Disposal considerations

Waste disposal

: Dispose of according to all federal, state and local applicable regulations.

- **Contaminated packaging**
- : Waste must be disposed of according to applicable regulations. This material and its container must be disposed of as hazardous waste. Recycle, if possible. Dispose of empty containers and waste safely.

Disposal should be in accordance with applicable regional, national and local laws and regulations.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.
