COMPOSITION/INFORMATION ON INGREDIENTS

The compositions indicated correspond to the frame formulations for the category of products, as defined within Europe by an expert group composed of representatives from poison centres, competent authorities, industry trade associations and the Commission's services

The frame formulations indicate the types of ingredients and their maximum concentrations, to enable rapid identification of the products. The full list of ingredients is printed on the packaging of the individual products in accordance with the provisions of Article 19 of Regulation (EC) 1223/2009.

<u>Ingredients</u>	<u>Maximum levels (% w/w)</u>
Ethanol (<i>alcohol</i> , alcohol denat.)	30
Propellants (e.g. hydrocarbons, <i>dimethyl ether</i> , compressed gas)	30
Oils (e.g. vegetable and/or mineral), waxes and fats (e.g. long chain alcohols)	25
Silicones including volatile silicones (e.g. <i>cyclopentasiloxane</i> , <i>dimethicone</i> , <i>amodimethicone</i>), silanes (e.g. alcoxysilanes)	25
Film forming agents, polymers, resins (e.g. <i>polyvinyl acetate</i> , <i>PVP</i> , <i>polyquaternium-4</i>) and neutralising agent (e.g. <i>aminomethyl propanol</i>)	20
Humectants (e.g. <i>glycerin</i>)	10
Polyglycol ethers	5
Cationic surfactants (e.g. <i>cetrimonium chloride</i>)	5
Non-ionic surfactants (e.g. <i>oleth-20</i>)	5
Hair texturizing agents (e.g. <i>kaolin</i> , starch)	3
Additional ingredients (e.g. UV filters, vitamins)	3
Plasticisers (e.g. <i>triacetin</i>)	2
Preservatives, antimicrobials	2
Colorants	1
<i>Parfum</i>	1
<i>Aqua</i>	to 100

HAZARD IDENTIFICATION

When used in accordance with the manufacturer's instructions, the product is safe for humans and the environment, in compliance with Regulation (EC) 1272/2008 (CLP).

The product is classified as dangerous pursuant to Directives 67/548/CEE, 99/45/CEE and subsequent amendments and additions.

Labelling of dangerous substances pursuant to Directives 67/548/CEE, 99/45/CEE and subsequent amendments and additions.

WARNING

Warnings:

The directions for use are indicated on the products.

Product for professional use.

Flammable aerosol.

Pressurized container: may burst if heated.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Do not smoke.

Do not pierce or burn, even when empty.

Protect from sunlight. Do not expose to temperatures above 50°C (122°F).

Do not spray on an open flame or other ignition source.

Keep out of reach of children.

FIRST AID MEASURES

Contact with the eyes: remove contact lenses if present and rinse carefully with plenty of water; if irritation persists, seek medical advice.

Ingestion: if swallowed, contact the nearest Poison Centre or seek medical advice.

Contact with the skin: rinse skin immediately with plenty of water: if irritation persists, seek medical advice.

Inhalation: move the casualty outside, place them in a comfortable position where they can rest and breathe easily; if irritation of the upper respiratory tract persists, contact the nearest Poison Centre or seek medical advice.

FIRE-FIGHTING MEASURES

In the event of fire, use water mist, chemical powder, carbon dioxide.

If heated up, aerosol containers may deform, burst or be propelled a considerable distance. Wear a protective helmet before approaching a fire. Avoid breathing products of combustion.

ACCIDENTAL RELEASE MEASURES

Extinguish all open flames from the area of the spill; stop the leak, ventilate the area if safe. Collect spillage with a cloth and wash with plenty of water. In the event of massive spillage, alert the Fire Brigade.

Collect the spilled product with sand, sawdust or cloths and transfer to suitable containers for disposal according to regulations. Avoid contact with the skin, eyes and clothing. In the event of contact, wash with water. Wash contaminated areas with plenty of water. Never return the spilled product to the original container. Never reuse the spilled product.

HANDLING AND STORAGE

Handling

- Pressurized container: may burst if heated.
- Keep away from heat, hot surfaces, sparks, open flames and other ignition sources.
- Do not pierce or burn, even when empty.
- Always follow the instructions on the packaging or on the accompanying leaflet, ring or collar.
- Do not use the product for any purpose other than the ones described in the instructions.
- Avoid mixing with other products or similar products or with different substances which are not indicated in the specific instructions.
- Never return the spilled product to the original container for reuse.
- Keep out of the reach of children.

Continuous exposure to cleaning agents (soap, shampoo, liquid detergents) for professional reasons may deplete the hydrolipidic film and horny layer which form the skin's natural barrier. The depletion of this barrier may result in lesions of the skin, which is then more exposed to external agents.

In such conditions, handling other products normally used during professional activities without the necessary precautions (e.g. gloves or specific PPE), may cause intolerance which, in the long term, may lead to more severe forms.

Storage

Store in dry, well-ventilated areas (room temperature).

Do not store or use the product in the vicinity of open flames, heat sources, electrical equipment or direct sunlight.

Close containers well after use.

OCCUPATIONAL EXPOSURE CONTROLS

Respiratory protection: not needed for normal use. Avoid inhalation.

Hand protection: not needed for normal use.

Eye protection: not needed for normal use. Avoid contact.

Skin protection: use aprons, normal protective clothing.

ENVIRONMENTAL EXPOSURE CONTROLS

As the use of adequate technical equipment must always take priority over personal protective equipment, make sure that the workplace is well aired through effective local aspiration.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Liquid under pressure
Colour:	Violet
Odour:	Characteristic
pH:	4.0 - 5.0

STABILITY AND REACTIVITY

The product is stable at room temperature.

DISPOSAL CONSIDERATIONS

Observe all local and state environmental regulations. Keep the product separated from other materials and dispose it chemically

REGULATORY INFORMATION

Regulated as Cosmetic Directive EU (Regulation (EC) No1223/2009/EC), Cosmetic and/or Drug under FDA (US), HPB (Canada). This product is safe to use as directed on the package.
