

Section V - Reactivity Data

#99-009

Stability	Unstable		Conditions to Avoid	None known.
	Stable	X		

Incompatibility (Materials to Avoid)

None known.

Hazardous Decomposition or Byproducts

None known.

Hazardous Polymerization	May Occur		Conditions to Avoid	None known.
	Will Not Occur	X		

Section VI - Health Hazard Data

Route(s) of Entry:	Inhalation?	Skin?	Ingestion?
	Not likely	Yes	Not likely.

Health Hazards (Acute and Chronic)

May cause eye irritation. Prolonged contact may cause irritation of skin and mucous membranes. May cause gastrointestinal disturbance and diarrhea if ingested.

Carcinogenicity:	NTP?	IARC Monographs?	OSHA Regulated?
	No	No	No

Signs and Symptoms of Exposure

Possible irritation of eyes, skin, and/or exposed mucous membranes. Possible gastrointestinal disturbance and diarrhea.

Medical Conditions Generally Aggravated by Exposure

None known.

Emergency and First Aid Procedure

If product gets in eyes or on skin, flush with plenty of water. Get medical attention if irritation occurs. If swallowed, drink one or two glasses of water or milk. If a large quantity is ingested, or if gastrointestinal symptoms occur, consult a physician. If irritation of the urinary tract should occur following use of a bath product, consult a physician.

Section VII - Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled

Small spills may be cleaned up with paper towels or a sponge. Wash area with water. Larger spills should be diked and contained, and solidified with vermiculite, spill pillows, or other suitable absorbant. Solidified material should be placed in proper containers for disposal.

Waste Disposal Method

Products in this category are non-hazardous materials when intended for disposal. Acceptable methods of disposal include incineration and shredding for finished products, and solidification and landfilling for large quantities of bulk material.

Precautions to be Taken in Handling and Storage

Avoid contact with eyes and prolonged contact with skin. Bath and shower gel products and body cleansers used in the bath which are labeled "For Adult Use Only" should not be used by children. Such products intended for use by children should not be used excessively or for prolonged periods due to possible skin and/or urinary tract irritation.

Other Precautions

For external use only. Use only as directed. Keep out of reach of children. Discontinue use if rash, redness, or itching occurs.

Section VIII - Control Measures

#99-009

Respiratory Protection (Specify Type)

None required.

Ventilation	Local Exhaust	Not required	Special
	Mechanical(General)	Acceptable	Other

Protective Gloves

For manufacturing, rubber or plastic gloves should be worn.

Other Protective Clothing or Equipment

Safety glasses with side shields and protective clothing are recommended for manufacturing operations.

Work/Hygienic Practices

OSHA hazard classification: Eye irritant

DOT classification: Bulk - Not regulated

Finished Product - Not regulated.
