

Material Safety Data Sheet

Section 01 – Product Identification

TIGI Linea
1655 Waters Ridge Dr.
Lewisville, TX 75057
469 528-4300
800 259-8596

In case of medical emergencies, please contact your local poison control center.
Transportation Emergency Telephone: US & North America: 1800 424-9300
International: (703) 527-3887

Trade Name: **TIGI Bed Head Sugar Dust Invisible Micro-Texture Root Powder**

Section 02 –Hazard Identification

Specific risks:
Eye: Dust may cause irritation
Skin: May cause irritation
Inhalation: Dust may irritate nose and throat.

Section 03 – Composition and Ingredients

The complete ingredient list for the finished product(s) is as follow:
Silica Silycate

Section 04 –Fist Aid Measures

First aid measures / General information: After adequate first aid, no further treatment is required unless symptoms reappear.

Eye: Do not allow patient to rub eye(s). Let the eye(s) water naturally for a few minutes. If particle/dust does not dislodge, flush gently flowing lukewarm water for 5 minutes or until removed.

Skin Problem: Remove contaminated clothing, shoes and leather goods. Gently blot or brush away excess. Flush with gently flowing lukewarm water for 15 minutes. Get medical attention if symptoms occur.

Ingestion: If irritation or discomfort occurs obtain medical advice.

Inhalation: if symptoms are experienced, remove source of contamination or move victim to fresh air. Obtain medical attention.

Section 05 – Fire Fighting Measures

1 – Suitable extinguishing media:

On large fires use dry chemical, foam, or water spray.

On small fires use carbon dioxide (CO₂), dry chemical or water spray. Water can be used to cool fire exposed containers.

2 – Extinguishing media that must not be used for safety reasons: None known at this time

Section 06 – Accidental Release Measures

1 – Environmental precautions: N/A

2 – Methods for cleaning up / taking up: Sweep, mop or wipe up and contain for salvage or disposal. Dispose of in compliance with Federal, State and Local regulations.

Section 07 – Storage & Handling

Handling: Normal handling and storage consistent with good manufacturing practices should be used.

Stockage: Keep away from incompatible such as oxidizing materials.

Storage: Keep containers closed. To maintain product quality, do not store in heat or direct sunlight.

Reactivity Data: N/A

Section 08 – Exposure Control – Personal Protection

1 – Personal Protective Equipment:

Eyes: Eye protection such as chemical splash goggles should be worn when possibility exist for eye contact due to splashing, airborne particles or vapor.

Skin: Where use can result in skin contact, practice good personal hygiene. Wash hands and other exposed areas with mild soap and water before eating, drinking, smoking, and when leaving work.

Respiratory: No special respiratory protection is recommended under anticipated conditions of normal use with adequate ventilation.

2 – **Hygiene Measures:** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing wash thoroughly before reuse. Shower after work using plenty of soap and water.

Section 09 – Physical & Chemical Properties

Appearance: Fine powder

Odor: Odorless

Color: White

pH: Not determined

Flashpoint: > 485F / 250C (Closed Cup)

Flammable Limits: Not determined

Section 09 – Physical & Chemical Properties - continued

Boiling Point: Not determined
Specific Gravity: 0.05
Vapor Density: Not determined
Bulk Density: Not determined
Evaporation Rate: Not determined
Solubility in Water: Not determined

Section 10 – Stability and Reactivity

Hazardous reactions: Hazardous polymerization will not occur
Stability: Stable
Incompatibility: Oxidizing materials can cause a reaction
Hazardous decomposition products: Thermal breakdown of product during fire or very high heat conditioners may evolve the following decomposition products: carbon oxides and traces of incompletely burned carbon compounds.

Section 11 – Toxicological Information

Health Effects: N/A

Section 12 – Ecological Information

Ecotoxicity: N/A

Section 13 – Disposal Considerations

Contaminated Packaging: Should not be considered hazardous waste.

Section 14 – Transportation Information

Land Transport: Not subject to DOT
Marine Transport: Not subject to IMDG code
Air Transport: Not subject to IATA regulations.

Section 15 – Regulatory Information

Labeling – (Hazard Symbols)

National Fire Protection Association
Health: 1 Flammability: 1 Reactivity: 0 Special Hazard: 0
Hazardous Material Information System (HMIS)
Health: 0 Flammability: 0 Reactivity: 0 Personal Protection: 0

Section 16 – Other Information

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by the manufacture to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. The Manufacture assumes no responsibility for injury to the recipient or third persons or for any damage to any property resulting from misuse of the product.
