AIR.LIBRE BLEACHING POWDER – SAFETY DATA SHEET

Issue Date: July 2016

1. COMPANY IDENTIFICATION

Distributor

Kush do Brasil Indústria de Cosméticos EIRELI EPP AC Padre Mariano Aparício de La Mata S/N, Quadra G, Lote: 35 Chácara Bela Vista, Distrito Engenheiro Schimidt. CEP: 15077-456 São José do Rio Preto- SP +55 (17) 3808-9900 CNPJ: 04.696.774.0001/50 IE: 647.396.750-111

Manufacturer

Coferly Cosmetics Ltd. Street Euriclides Ant, 10/30 - CEP: 06714-300, Cotia, SP, Brazil Phone: (55 11) 4615-4555 Fax: (11) 4615-4555 Email: coferly@coferly.com.br

Product Name: Air.Libre Bleaching Powder Recommended Use Professional Beauty Care Product / Hair Care / Professional Use Only Telephone Number for Information: 1-844-TRUSS11(878-7711) Emergency Telephone: 1-844-878-7711

2. HAZARD IDENTIFICATION

"Consumer Products", as defined by the US Consumer Product Safety Act and which are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200).

This SDS is being provided as a courtesy to help assist in the safe handling and proper use of the product.

Precautions: For external use only. Keep out of reach of children. This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

GHS Classification: Not a hazardous substance or mixture Hazard pictograms: None Precautionary Statements Prevention: None Precautionary Statements Response: None Precautionary Statements Storage: None Precautionary Statements Disposal: None Hazards not otherwise classified None (HNOC): None

3. COMPOSITION/INFORMATION ON INGREDIENTS

This is a personal care or cosmetic product and is safe for consumers and other users, under normal and reasonably predictable circumstances of use.

Issue Date: 07/13/2016 For-297 Revision Date: 07/13/2016 Revision: 02

1

NOTE: Hazardous components "(whose effects depend on duration and level of exposure)"

INCI	CAS:	%
SODIUM PERSULFATE	7775-27-1	<23
AMMONIUM PERSULFATE	7727.54-0	<33
POTASSIUM PERSULFATE	7727-21-1	<23
SODIUM SILICATE	1344-09-8	<50

Statement: Exact percentage of composition has been withheld as a trade secret.

4. FIRST AID MEASURES

First aid measures for different exposure routes

General information:

In the event of a spill falling on the skin or clothing, wash immediately with water.

After inhalation:

Remove the affected person to a well ventilated with fresh air. If symptoms persist, consult a doctor.

After skin contact:

Wash with soap and water. If irritation persists skin, see a doctor.

After eye contact:

In case of contact with eyes, they rinse immediately with plenty of water and consult a doctor.

After swallowing:

Do not induce vomiting. Rinse your mouth with water and then drink plenty of water. Call a physician or go to the hospital immediately.

Indication of immediate medical attention and special treatment needed, if necessary

Notes to Physician: Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media: Water. Dry chemical. Alcohol-resistant foam.

Unsuitable Extinguishing Media: None.

Special hazard: None known.

Special protective equipment for fire-fighters: As in any fire, wear self-contained breathing apparatus pressuredemand, MSHA/NIOSH (approved or equivalent) and full protective gear.

Specific hazards arising from the chemical: None

The product is not flammable. However, in case of decomposition, oxygen may be released, which may accelerate the fire.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions: Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Wear appropriate personal protective equipment (PPE), such as mask, gloves, lab jacket /coat and closed shoes, and avoid contact with internal skin surfaces and eyes, (Product stains clothes.)

Powder control: Avoid procedures that may cause dust formation.

Advice for emergency responders: Use personal protective equipment as required.

Environmental precautions: Do not discharge product into natural waters without pre-treatment or adequate dilution.

Issue Date: 07/13/2016
For-297

Revision Date: 07/13/2016 Revision: 02

Methods and materials for containment and cleaning up

Methods for containment: Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.

Methods for cleaning up: Collect the product with a plastic shovel and place in a dry container with a lid. Label for disposal according to prevailing legislation.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling: Avoid contact with skin, eyes and clothing. Provide sufficient air exchange and/or exhaust in work rooms. The product stains the skin and clothing; always wear gloves to protect hands and a lab apron, coat or overalls to protect clothes. Avoid contamination with combustible organic matter (such as oil, sawdust, paper towels, etc.), metal or reducing agents. Decomposition may oxidize the material and release oxygen, which may accelerate an existing fire.

Advice on preventing fire and explosion

Keep in a cool place.

Avoid contamination.

Never put back unused material into the original container.

Empty containers should be disposed of through licensed and approved suppliers.

Always keep the package closed, and store in a closed, dry and well-ventilated area. Avoid humid, very hot, uncovered and unventilated places. Do not store the product after it is mixed with peroxide.

Further advice on handling:

Follow the directions.

Do not use powder bleach if you have already experienced an adverse reaction to it.

Do not use powder bleach if the scalp is sensitive, or has irritations or scratches.

Do not use to bleach eyebrows or eyelashes.

Rinse hair well after application.

Do not use powder bleach if the hair has been previously colored with metal dyes.

Do not use powder bleach after using straightener or keratin hair straightening treatment.

Do not prepare or store in metal containers.

Materials safe for packaging: laminated aluminum-polyethylene packets, or plastic pots specified as such by the manufacturer on the primary packaging.

Conditions for safe storage, including any incompatibilities

Storage Conditions: Keep in a dry, cool place, and at room temperature. Protect from heat, direct sunlight, sparks or fire. Keep out of reach of children.

Packaging Material: Low Density Polyethylene/ Polypropylene

Additional information on storage conditions

Keep at temperatures above 8°C. Keep at a temperature not exceeding 30°C. Relative humidity should not exceed 60%

Issue Date: 07/13/2016 For-297

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended.

Exposure controls Engineering Measures: No information available.

Personal Protective Equipment

Eye Protection: No special protective equipment required.Hand Protection: No special protective equipment required.Skin and Body Protection: No special protective equipment required.Respiratory Protection: No special protective equipment required.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Powdery Color: White Odor: Fresh Odor threshold: No information available

Property / Values pH (25°C, 5% dispersion in water): > 10.0 Specific gravity: 0,69 - 0,86 Melting/freezing point: Not available Boiling point/boiling range: Not available Flash point: Not available Evaporation rate: Not available Flammability (solid, gas): Not available Flammability Limits in Air: Not available Upper flammability limit: Not available Lower Flammability Limit: Not available Vapor pressure: Not available Vapor density: Not available Relative density: Not available Water solubility: Soluble Solubility in other solvents: Soluble Partition coefficient: n-octanol/water: No information available Autoignition temperature: No information available Decomposition temperature: 47°C Viscosity of Product: No information available **VOC Content (%):** Products comply with US state and federal regulations for VOC content in consumer products.

10. STABILITY AND REACTIVITY

Reactivity: None under normal use conditions.

Issue Date: 07/13/2016 For-297 Revision Date: 07/13/2016 Revision: 02

Stability: Stable under normal conditions. Instability may occur over 47°C under normal conditions, and if the product absorbs humidity, the decomposition temperature diminishes, making it more instable.
Hazardous polymerization: Hazardous polymerization does not occur.
Hazardous Reactions: None under normal processing.

Conditions to Avoid: None under normal processing.

Materials to Avoid: Keep far from flammable liquids, flammable solids, aerosol dispersion and other incompatible materials. Avoid metal containers. Avoid extreme heat and ignition sources.

Hazardous Decomposition Products: None under normal use.

11. TOXICOLOGICAL INFORMATION

Product Information: Information on likely routes of exposure

Inhalation: No known effect.

Skin contact: No known effect.

Ingestion: In case of accidental ingestion, drink one or two glasses of water. Induce vomiting. If appreciable quantities are swallowed, seek medical attention.

Eye contact: Avoid eye contact.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

Acute toxicity: Harmful if swallowed.

Skin corrosion/irritation: Discontinue use of the product and flush with water. If discomfort persists, seek medical attention.

Serious eye damage/eye irritation: Yes. Skin sensitization: Yes. Respiratory sensitization: Yes. Germ cell mutagenicity: No known effect. Neurological Effects: No known effect. Reproductive toxicity: No known effect. Developmental toxicity: No known effect. Teratogenicity: No known effect. STOT - single exposure: No known effect. STOT - repeated exposure: No known effect. Target Organ Effects: No known effect. Aspiration hazard: Yes. Carcinogenicity: No known effect.

12. ECOLOGICAL INFORMATION

Ecotoxicity

Contains substances very toxic to aquatic organisms. Some components are not readily biodegradable.

Persistence and degradability: No information available.
Bioaccumulative potential: No information available.
Mobility: No information available.
Other adverse effects: No information available.

13. DISPOSAL CONSIDERATIONS

Waste treatment

Waste from Residues / Unused Products: Disposal should be in accordance with applicable regional, national and local laws and regulations, however, we do not recommend that you waste this product on untreated sewages, rivers and lakes.

Contaminated packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations

14. TRANSPORT INFORMATION

DOT: Not regulated – Non-hazardous IMDG: Not regulated – Non-hazardous IATA: Not regulated – Non-hazardous

15. REGULATORY INFORMATION

U.S. Federal Regulations

SARA 313

Not applicable for consumer use.

CERCLA

Not applicable for consumer use.

Food and Drug Administration (FDA)

The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

Not applicable for consumer use.

Clean Water Act

Not applicable for consumer use.

California Proposition 65 This product is not subject to warning labeling under California Proposition 65.

U.S. State Regulations (RTK)

Not applicable for consumer use.

International Inventories

Product is imported from Brazil, following all strict regulations for international users. This is a personal care product and is in compliance with FDA.

Fragrances (Parfum) contained within this product comply with appropriate IFRA guidelines.

Issue Date: 07/13/2016 For-297 Revision Date: 07/13/2016 Revision: 02

16. OTHER INFORMATION

Disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
